Dear Josie,

How are you? Are you enjoying your summer school classes?

I am having a wonderful time at my grandparents' house! We are in a very quiet place. There are no towns nearby, so there is not too much light pollution at night. But there are so many stars in the sky! There are no factories here, so there is no air pollution, and the air smells so sweet from the flowers and grass.

On weekends, we go to the beach. There are never many people on the beach, but there is always trash; it is so sad. I think a lot of the trash is coming from other places because it is always worse after storms, when the garbage comes in from far away. We always clean up the beach before swimming to make it look beautiful again.

I wish you could come and visit.

See you soon,
Ellie
