“If you have a choice between being right and being kind, choose kind.” This is the advice Mr. Browne, Auggie’s fifth-grade English teacher, gives on the first day of school in the novel *Wonder*. It is also the main message of the book, which tells the story of a boy who looks very different from everyone else. In many ways, the novel is also about being kind to others in general.

This is probably why the book has become so popular around the world. Since the book was released, teachers have taught it in class, and study groups have chosen it as a starting point for discussions about friendship and kindness.

Wonder’s popularity has also encouraged its writer to create companion* books to the original novel. These include *Auggie and Me*, which is made up of three stories, each telling the events of *Wonder* from different points of view. There is also *365 Days of Wonder*, which is a collection of Mr. Browne’s rules for thinking and behaving kindlier. The collection celebrates the goodness of human beings. Together, *Wonder* and its companion books are sure to warm readers’ hearts for many years to come.
